

Bio

In 2013, five local musicians in the Sarasota/Bradenton area got together to jam and have some fun.

Alongside the late Craig Flynt (RIP), Shane Forbis (Vocals), Tom Cole (Drums), Ben Hooper (Bass), and Tony Hedrick (Lead Guitar) met up at Junkyard Rehearsal Studios to form All Bad Things.

We all soon realized that we had a passion for the hits we grew up with in the 80s and decided to bring them back again for all to enjoy.

We are playing songs from artists such as: Ozzy, Dokken, Van Halen, Lynch Mob, Mötley Crüe Aerosmith, Ratt, Poison, Tesla, Cinderella, Judas Priest, Babylon A.D., and even a rocked out Johnny Cash song!

Within a few months, we were out and about playing live. After a Sunday show at Peggy's Corral, we lost our beloved brother Craig Flynt unexpectedly.

After a period of time trying to figure out what the band was going to do, All Bad Things started to prepare to hit the venues once again.

Here we are now and All Bad Things is ready to blow you away!!!

Check out our web site AllBadThingsBand.com, listen to our live songs and watch our videos.

We look forward to seeing you from a stage somewhere soon!
